FOREWORD

KEN VERONDA
editor-in-chief

Tradition and the unwritten laws of yearbook editing call for a theme and a serious dedication. We don't believe this. The "We-of-the-younger - generation - march - bravely - forward" type of theme, used and worn out, is hereby renounced without tears. Although caught in a solemn and serious decade, we feel that a light and different approach is entirely in keeping as we fit San Marino's year into our yearbook. TITANIAN, '58 edition, is therefore a little different. The fresh modern spirit we have attempted to capture is simply the famous Titan Spirit. Sit back and review your past year, San Marino, —lightly!

MR. WALTER DINGUS
superintendent of schools

Mr. Dingus, our first principal, is now an alumnus of San Marino High. He is remembered for his interest in SMHS and especially in the students. This interest in our school continues in his present position as head of all San Marino schools and as a member of the school board.

The seven members of the school board, here shown relaxing after hours, are very busy citizens elected to a responsible position. For these men govern not only our high school but all other public schools in the city. Does one school need more custodians? Is another short of classrooms? These are problems which are discussed and solved every other Tuesday night.

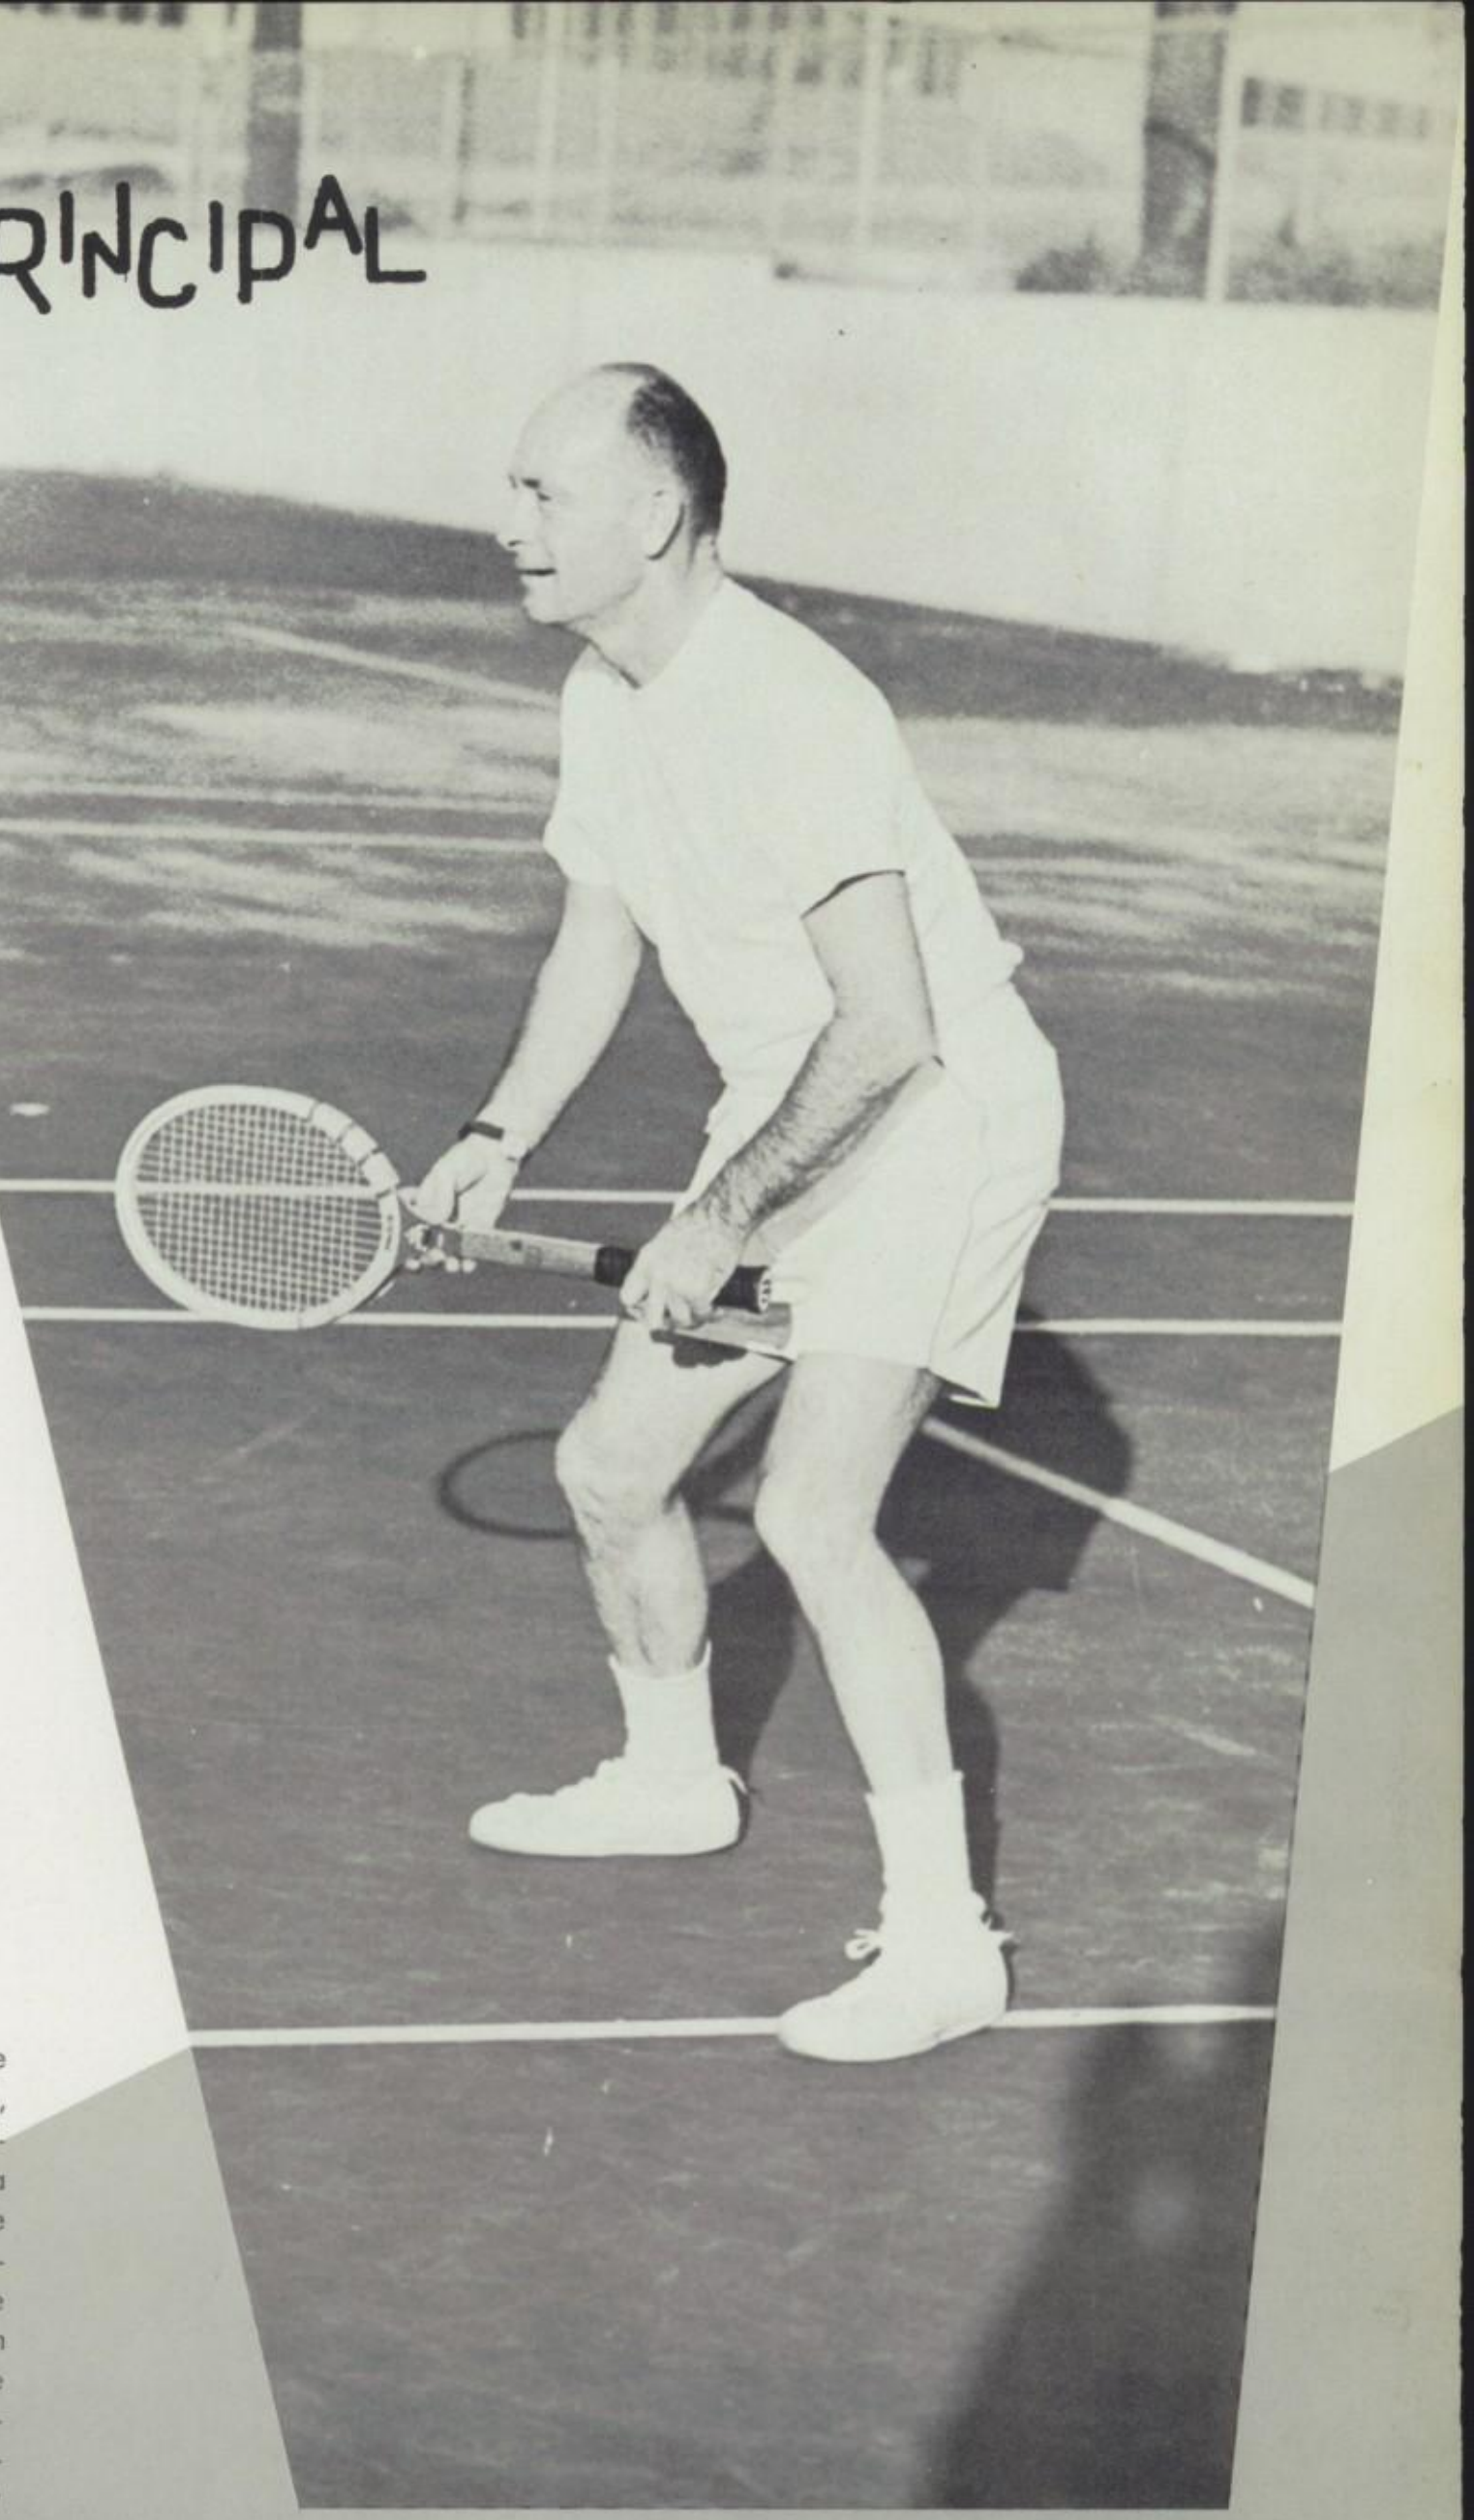
PRINCIPAL



"I'll ask Mr. Higman . . . ," and the student hurries across the campus, to find Mr. Higman outside his office listening to the problem of a worried freshman, walking down the hall and talking earnestly to a student council member, standing in the lunch court advising a group with a queston. Whether inside or outside his office, two facts about our principal stand out: his unlimited interest in the students, and their enthusiastic support of him.

OFFICERS

The vice president kept the telephone lines busy bringing exceptional assemblies to SMHS. The secretary executed the monumental job of keeping the minutes with ease; the treasurer kept the funds in good shape. The social chairman has memorable dances to show her good work; the athletic commissioner has quite a few trophies to boast of. The historian kept a record of all this while the president worked to unite these efforts of our student body officers to represent us and our wishes.

COUNCIL

When the 1:05 bell rings for sixth period to begin, it also rings for fifteen students to meet in room one — the Student Council. Student Council is composed not only of the ASB officers but also of the presidents of various campus organizations and all four classes, as well as the editor of the Titan Shield. At times the Council divides itself into committees; at other times it works together. Committee work, separate work, making decisions that will play a part in SMHS life; the Council takes on a hard task — but a rewarding one.

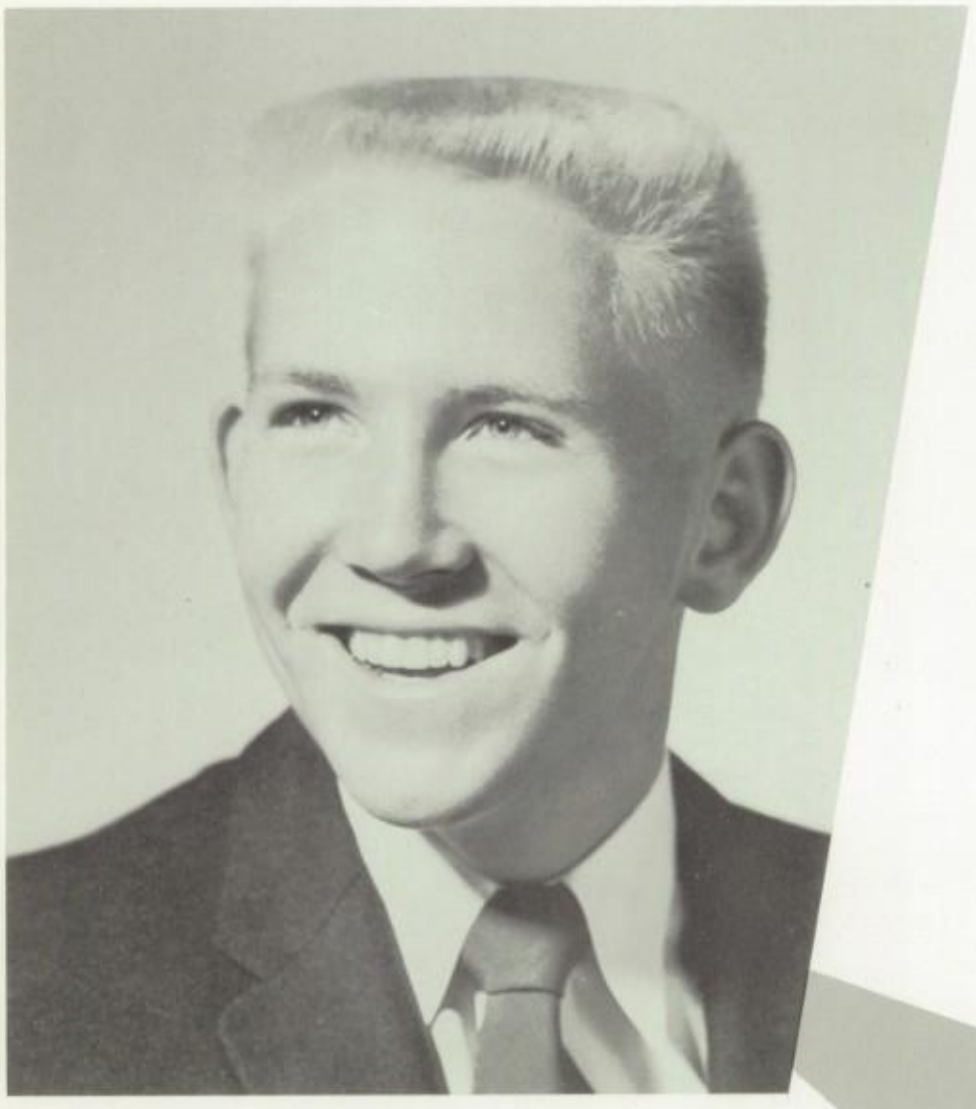
SENIORS



JERRY PUTTLER
president

"The seniors are excused." Suddenly the aisles are full of shouting, happy seniors, leaving the auditorium to go to their various places. Perhaps they will go to the concession shack, trying desperately to make popcorn; or perhaps to the guidance office, frowning over the decision of which college to attend. Wherever it is, and whoever the person, the seniors are constantly working toward that very last time "the seniors are excused."

JUNIORS

The famished spectator at the basketball games benefited from junior service along the line of good food. Guests arriving at the beautiful Junior-Senior Prom saw the results of their hard work and imagination in the decorations and music. The contributions of the Junior Class to SMHS are outstanding because of their spirit and unity. These qualities will make them notable seniors next year.

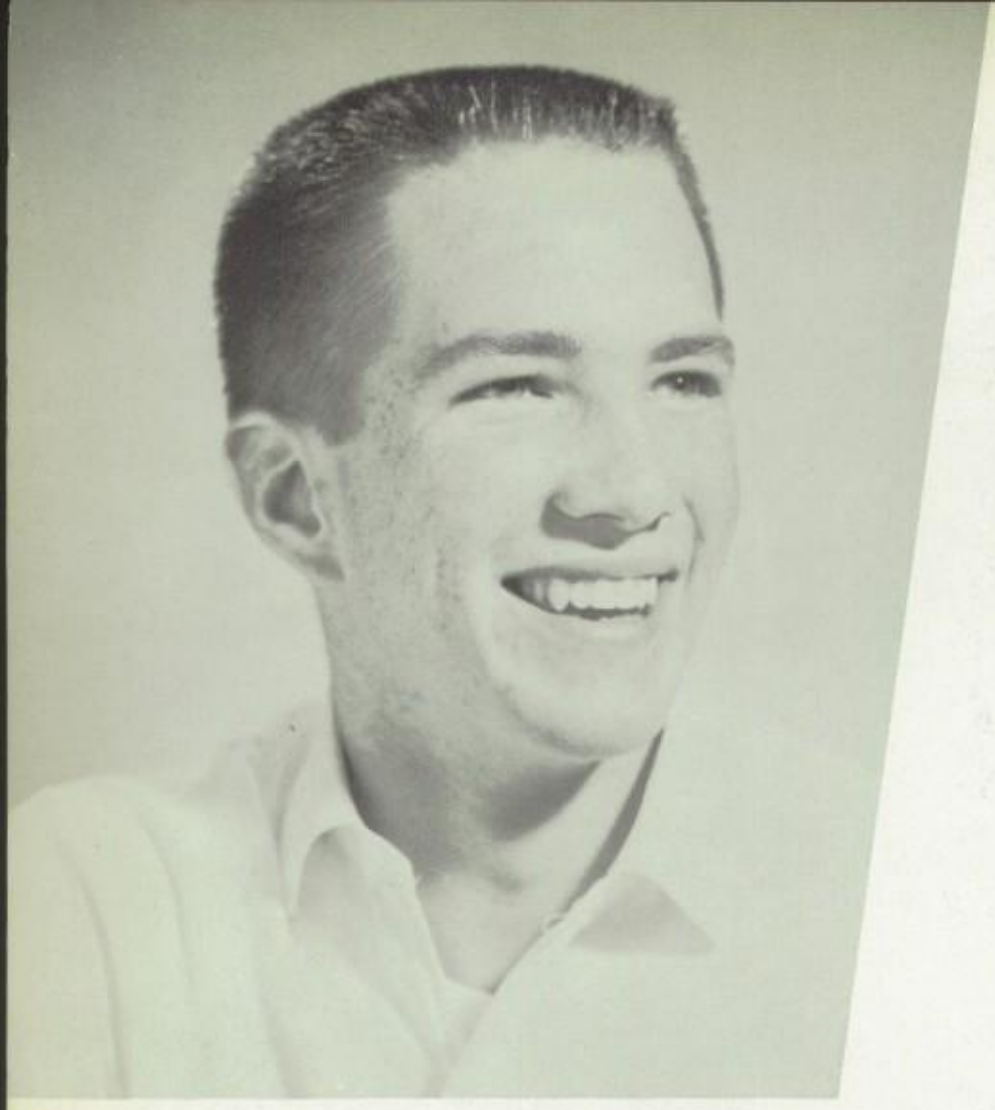
SOPHOMORES



EMMETT MacCORKLE
president

The sophomores can be best described by the words "pep" and "leadership". The class became noted for its spirit when it outyelled the other three in a pep contest. Sophomore boys, many already lettermen, worked hard and gave much to all San Marino teams; the many sophomore leaders contributed outstandingly to campus organizations. Rising to the rank of upperclassmen will be a small step for the class of '60.

FRESHMEN

RICHARD GARY
president

The freshmen wore pigtails and carried toys for the last time this year, when they were initiated into SMHS life. They proved good Titans, too: adding tremendously to our spirit at the games, giving the school its first Christmas dance, Winter Wonderland, and working hard and well to collect toys for an orphanage. We congratulate the class of '61, no longer "lowly" freshmen", but Titans with a future.

ORGANIZATIONS

The number of organizations at San Marino is great: the small clubs and the large clubs, the classes, the student body . . . every student is active in at least one. Every girl is a member of the Girls' League, serving on a committee and in some way working as a part of the group. Every boy is considered a member of the Boys' Forum, which promotes good citizenship and fellowship. Perhaps these two organizations, count- the entire student body as their members, contribute most to the unified spirit of San Marino.

Class representatives, far left: Dick Thomas, John Hurt. Middle left: Doug Moir, Rich Merrill. Middle right: Don Allen. Far right: Mac White.

BOYS' FORUM

All lost articles sooner or later find their way to the Lost and Found room, which is sponsored by a Girls' League committee. If any girl has a question on the color of her uniform skirt, she can ask a member of the Modes and Manners committee. The various committees and their members are responsible for a great deal of the efficiency of Girls' League.

Prometheus, one of the Titan gods, gave the gift of fire to man. This is a part of Greek mythology, and, since SMHS chose "Titans" as its name, the first members of San Marino's service club chose "Prometheans" as theirs.

Prometheans in their charcoal-grey sweaters give valuable service to the Titans, ushering at assemblies and other events, giving directions and advice to visitors and new students. They also serve the community, helping to collect money for White Cane Day and the Red Cross fund. "Prometheans" is indeed a good name for this hard-working service organization.

A.F.S.

Each year, students from the United States and other countries are given the chance to be unofficial ambassadors. This is made possible through the American Field Service program.

Tom Loynd, who journeyed to Finland last summer, is a member of NFL and has been active in speaking throughout high school.

Can Saray, our foreign student this year, plans to study for the diplomatic service when she returns to Turkey.

Ken Veronda, editor of the **Titanian,** was our AFS representative to Spain last summer.

To be a member of the California Scholarship Federation is a great honor; to be a Sealbearer is an even greater one. OUTSANDING STUDENTS

Nominated by the faculty and voted on by the student body, the students on these two pages received one of the highest honors to be given at SMHS: the Outstanding Student award. HOMECOMING QUEEN

PRINCESSES

At the traditional Coronation Ball, the football team selected their court: Queen Nancy Dennis, Senior Princess Shirley Buccola, and Junior Princess Sharon Layfield. The court was approved by all during the Homecoming Game with Temple City, when the royalty was chauffeured to the stands by members of the Pep Commission.

YELL LEADERS

PEP COMMISSION

It would be impossible to talk of "school spirit" without thinking of the Pep Commission. This organization co-ordinates all the spirit-promoting groups into one body: the song leaders, yell leaders, flag girls, drill team, and band, headed by the imaginative Pep Council. Ushering at all athletic events is one of their duties; their many ingenious posters served to keep the Titans on their toes.

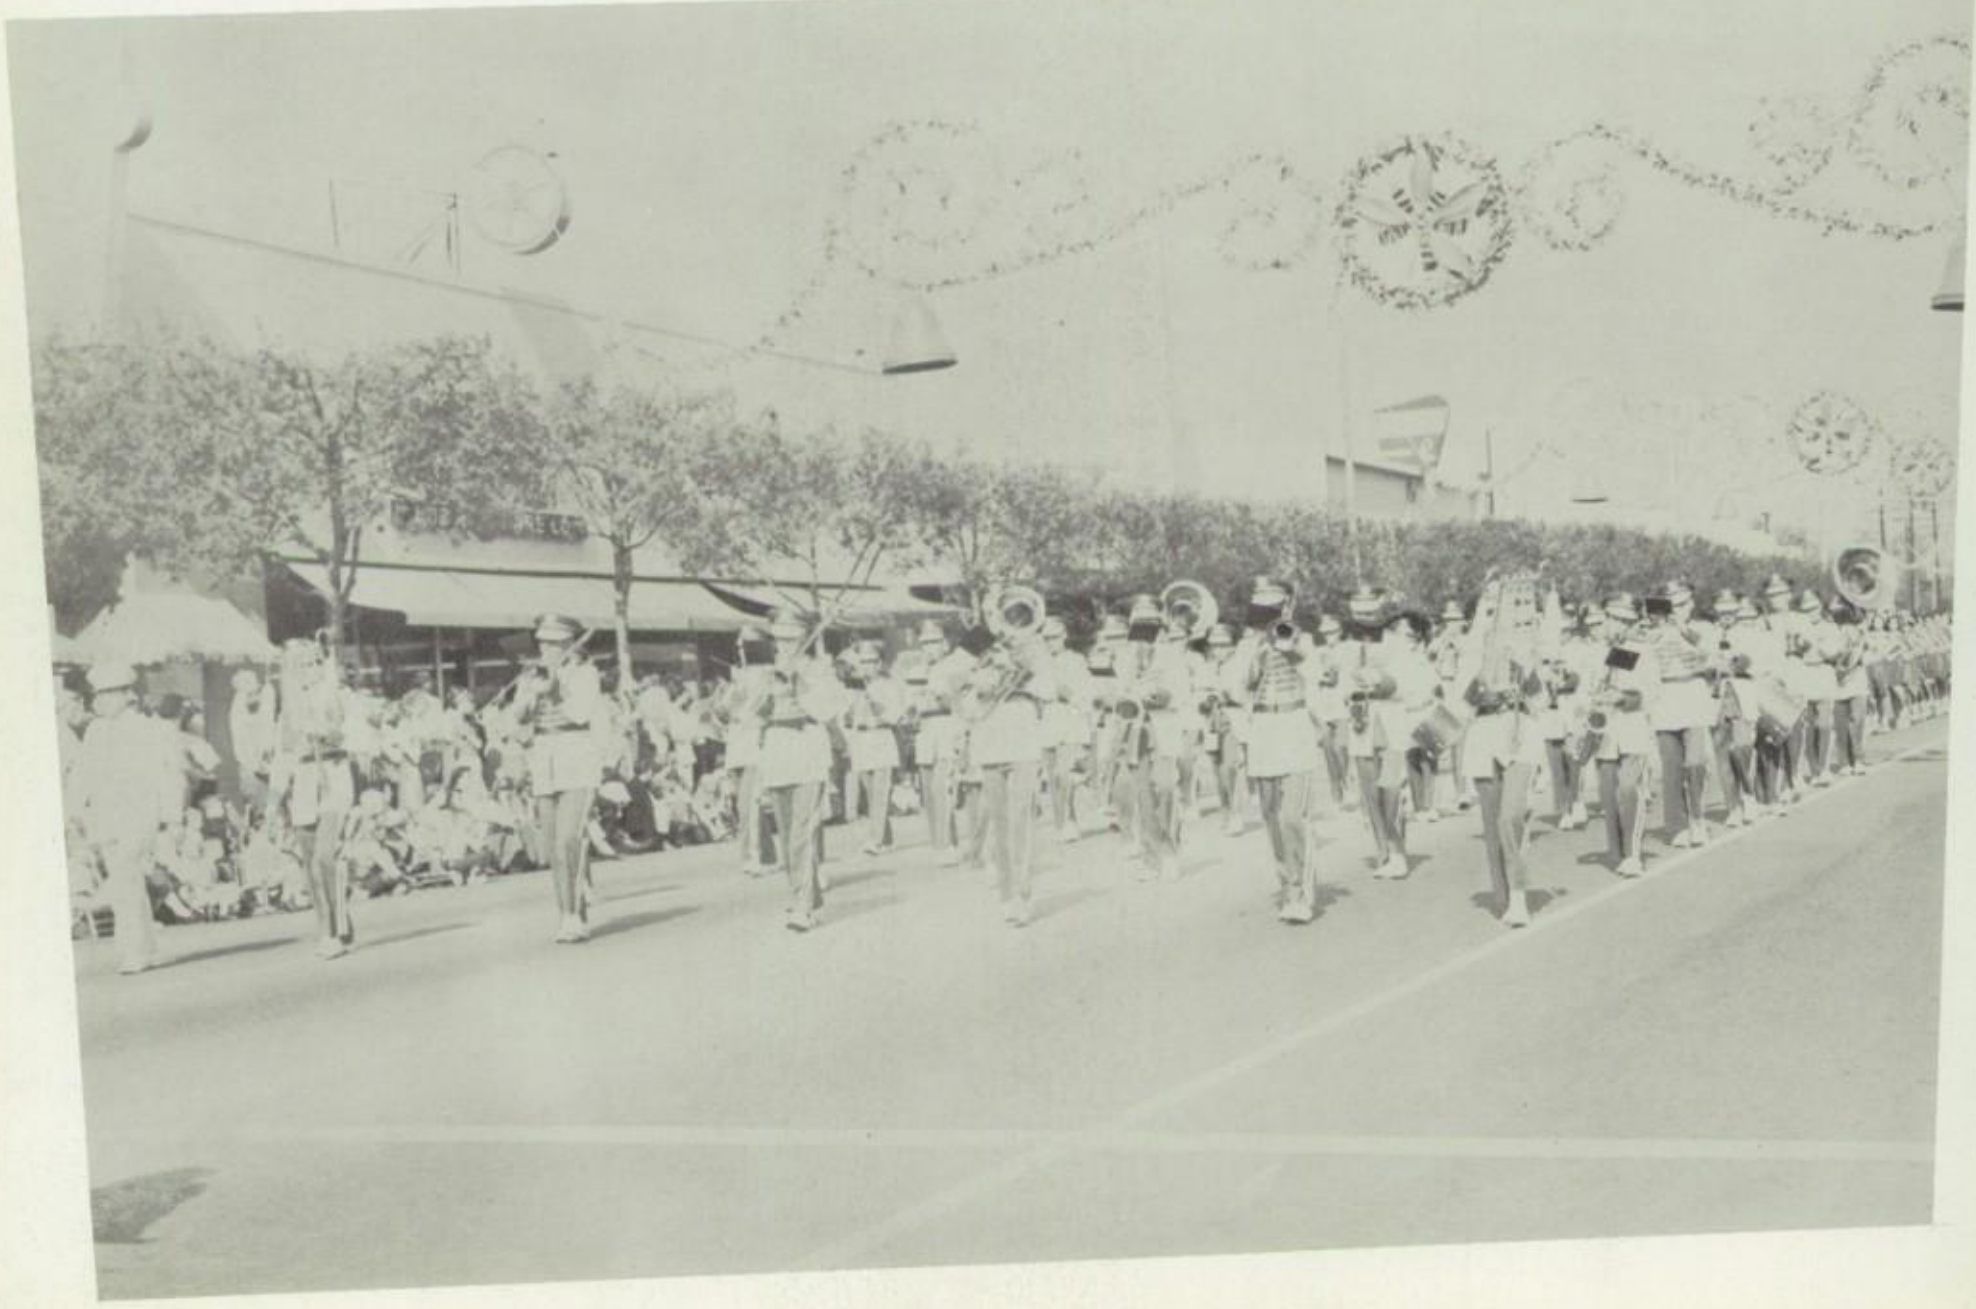
BAND

This year's versatile band members displayed their outstanding ability at many games and pep rallies. Under the direction of Charles Costarella, they also performed at the Southern California Music Festival, and together with the Mixed Chorus, presented Christmas vespers and the annual Spring Concert.



MIXED CHORUS

The Mixed Chorus achieved fame for their excellent performance on the television show, "Spotlight on Youth." Other activities in which they participated were Christmas Vespers, a student body assembly, and a musical entitled "Mikado."

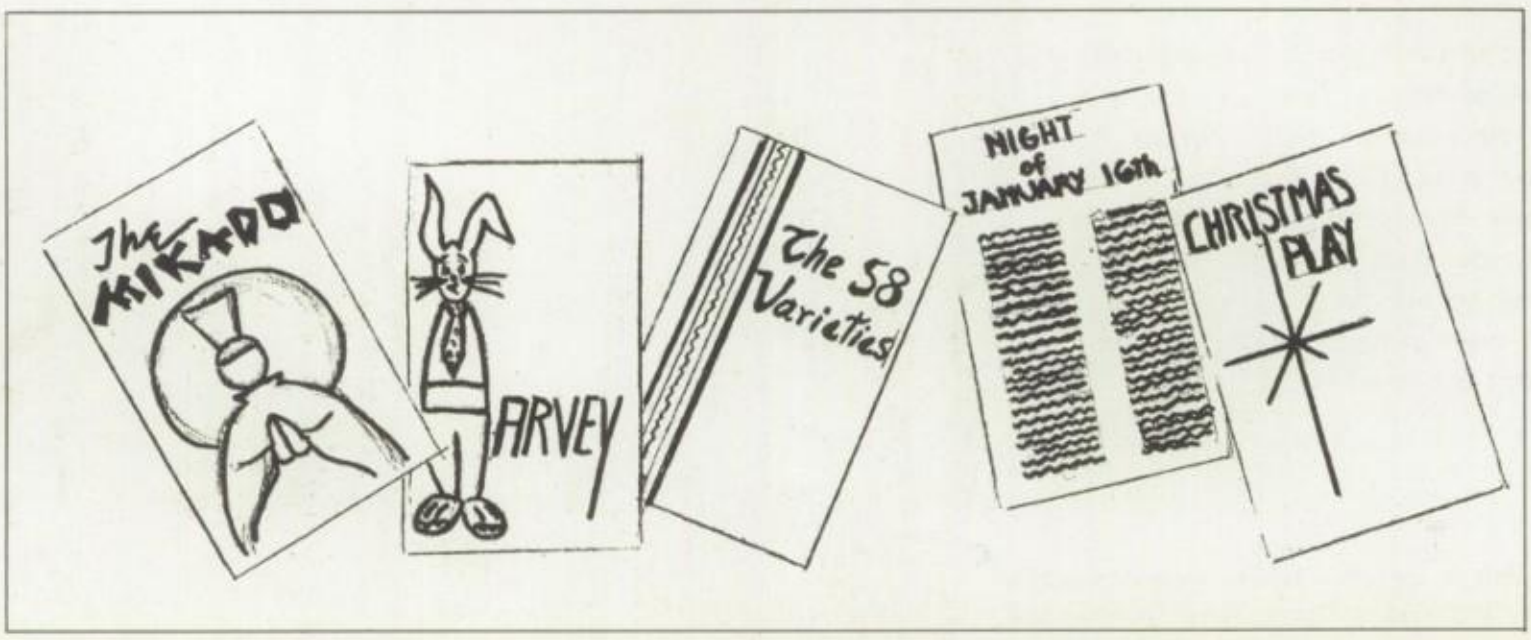
DRAMA

PLAYS



The Drama Department and its honor society, Thespians, has contributed much in the way of fine entertainment to SMHS during the past year. The never-to-be-forgotten "Harvey" was their first production. TITANIAN STAFF

Stand in the middle of the room . . . or better yet, retreat to the corner where you will not be in the stream of traffic. Look around you . . . in the middle of the floor, just where enthusiastic staff members can step on them as they rush in the door, are today's wet negatives, already curling. On the shelves, pandemonium reigns, for the editors cannot even find a pencil and the business manager, with doleful expression, cannot find her ledger. "Copy? What copy?" says a staff member, scratching her head for an idea. "Pictures? What pictures?" says the photographer, hurrying in with more wet prints. Retreat farther into the corner and ask yourself, "What's happening?" Why, it's just deadline day for the TITANIAN; things will be like this until the last deadline is met and you get your TITANIAN . . . we hope!

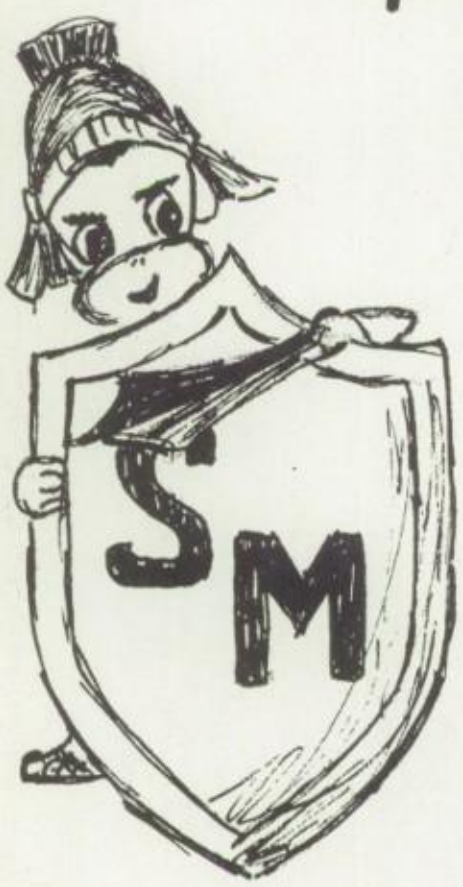
TITAN SHIELD



No ancient poet, freezing and starving in his tiny garret, had more trouble than the Titan Shield reporter just before deadline. Somehow neither words nor inspiration will come, and although the pen is poised expectantly over the clean sheet of paper, the sheet remains blank. So it is whether the reporter writes news, feature, or sports . . . but the deadline is met, and the Titan Shield reaches you intact.

"Our 1957 Varsity Football squad ended their season with a 6 win, 1 lose, 2 tie record; the Rio Hondo League crown and the Championship of the Northern division of CIF. From this squad of forty-four, twenty-seven received their letters, with eleven Titans on the All League team and three members, Bill Redell, John Hurt and Bob Horgan, making the All CIF squad.

"These boys, as well as I, realize that these honors could not have been won without the support of the squad as a whole, the student body and their spirit, the parents of San Marino students with a loyalty not often found in a community.

"To the squad I can only say: your spirit, determination, and loyalty to your team, school and community was outstanding and your accomplishments will not soon be forgotten."

The Titan Varsity opened the '57 season by downing our southern neighbors, the San Gabriel Matadors, 24-0.

Following this sparkling win over San Gabriel, a flu-weakened squad traveled to Monrovia-Duarte High to be upended 6-0 by a very powerful Wildcat eleven.

On October 18 the Lancers of Bell Gardens were our guests for a vengeful duel after last year's 7-6 upset by the Lancers over San Marino. After four quarters of rough football the Titans unhorsed the Lancemen by a score of 26-19.

The Titans journeyed to Excelsior High School to engage with the Pioneers who camp in Artesia. After many players were side-lined because of injuries sustained in the duel, San Marino was on the top end of a 20 - 0 score.

The next stop was South Pasadena. The team was followed to the battle ground by a police-escorted caravan including the Titan Band, the Pepettes, the Pep Commission, and the Song and Yell leaders. The Titans were out after the tail of the Tigers, who were defending the Rio Hondo League crown. After a spirited game the two teams ended in a 6-6 deadlock.

The Rams of Temple City came to San Marino for what was supposed to be a Titan romp. This, however, was far from reality as the spirited Temple City team seemed to roll over the over - confident Titans. It was only the appearance of Pete Rodi (who was injured during the first league game) in the second half that sparked the Titans on to a 7-7 tie. This in combination with the defeat of South Pas by Bell Gardens on the same night put San Marino on the Rio Hondo League throne and into the CIF playoffs.

Entering into the play of the Northern Division of the Southern Section of the California Inter-scholastic Federation after two weeks of hard practice the Titans faced Earl Warren High School of Downey on our grounds. Warren was a new school only up to the 11th grade. They were the champions of the Crescent League and they possessed a tremendously fast ground attack. The game was fast but the much improved Titans were too much for their young squad and the final score was 21-6.

In the semi-finals San Jacinto came to San Marino. The Titans came on the field full of spirit and ready to go. From the first minute our squad proved too much for the boys from the country as we hit them and hit them again, until the gun sounded to grant clemency after a 40-7 trouncing in the CIF semis!

BEE TEAM

The San Marino Bee Squad of '57 shall long be remembered for its fine spirit. I have never coached a better bunch of boys; they wanted to be champions no matter how hard the task and they became champions to the full meaning of the word.
This was a very good and sound team and one that will be hard to match — Bob Mahoney.

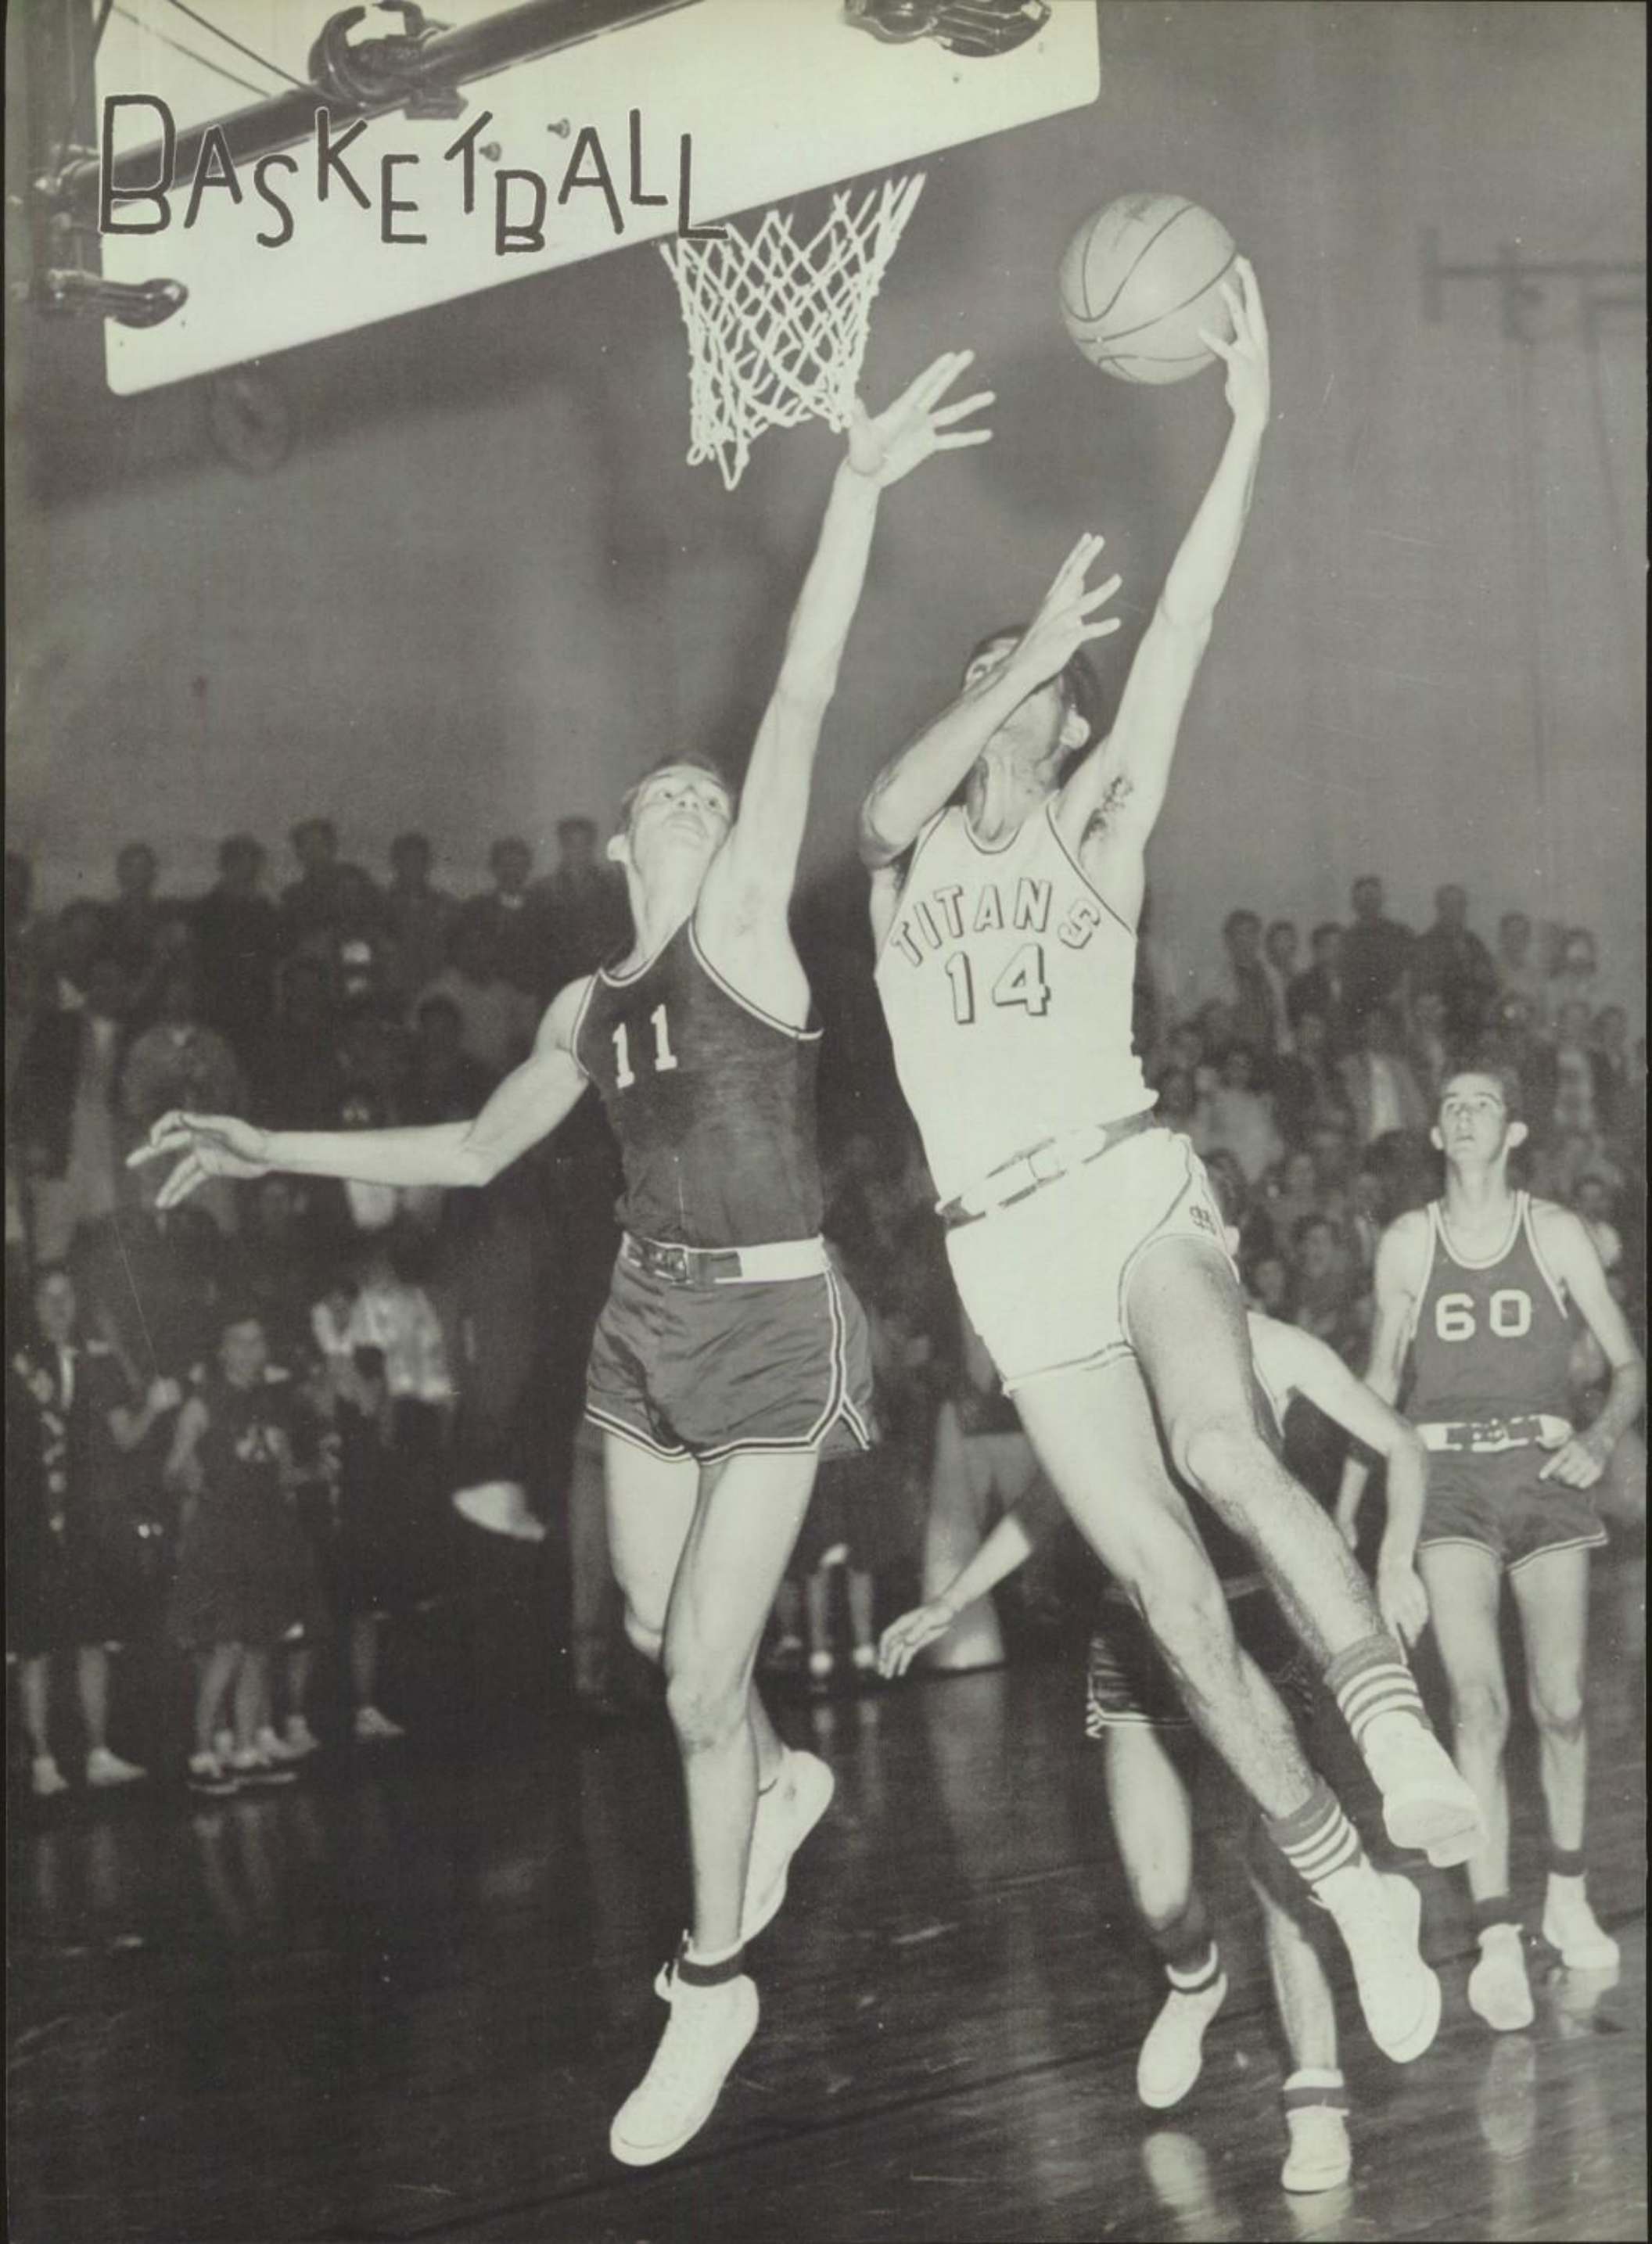
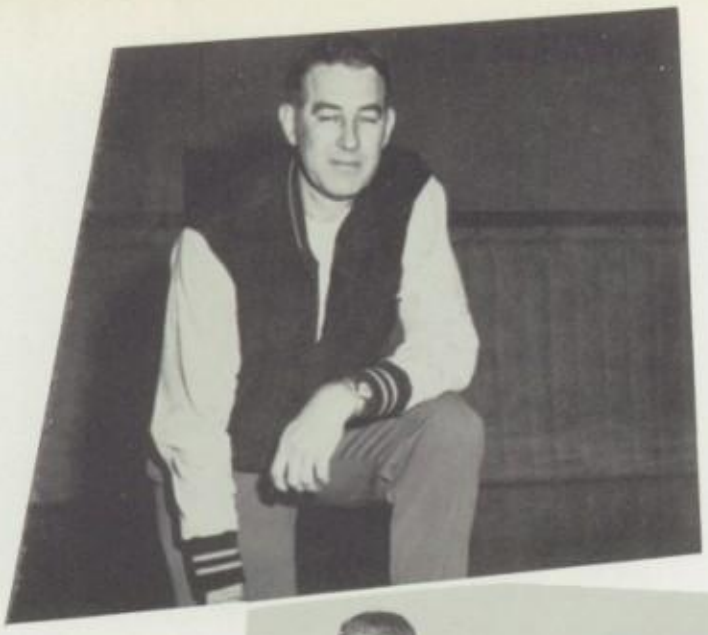
"A gruelling new sport got under way for San Marino in the fall of 1957. Twenty-five squad members worked enthusiastically, startled Lacy Park habitues, and competed in the strong Rio Hondo League. Tying for third place with Temple City, the Runners are seeking championship contention next year. For immediate results one might investigate the anticipated improvement in the distance races with this year's track team. A spot with no large crowd, no headlines, the satisfactions in the cross country come from self-discipline, keen conditioning, and battling the stopwatch."

—Coach Bradford

Note—Cross Country is a foot race which is 1.8 miles long. San Marino's course is laid out in Lacy Park. It is part dirt, part asphalt, and part grass.

BASKETBALL





Coach Garland Lewis

"Things looked grim for us this year after having lost four of our starting five players who graduated last year. But slowly we began to develop a new team and we won six out of eleven practice games. All but three of these teams entered the Big School CIF playoffs. The Titans came in second in the league with a 7-3 record, which earned them a place in the CIF playoffs. Here they were finally stopped by a powerful St. Agnes squad. The total season record was 14 wins, 9 losses."

It's a hit!

As the 1958 Varsity Baseball team completed their pre-league play, the team was greatly improving losing by very close margins, six of their first ten games.
